Your recent gift of \$2403.00 received on 11/14/2016 for the LSS Ministries is very much appreciated. People who have been convicted of Domestic Violence have an opportunity to think through how and why they chose to handle difficult situations in violent ways, and to plan and practice resolving conflict with loved ones in non-violent ways. Participation in the LSS Batterers group has helped participants get along better with the other parent of their children, creating an atmosphere of hope for the children involved that their parents might be able to get along without arguing and fighting

Some group members come to group doubting that any intimate relationship will ever work for them. As they participate in group, they discover unhealthy habits that have torn down past relationships, and they find hope that, as they develop healthier behaviors, they might be able to sustain healthy intimate relationships.

Hope comes for other participants in the possibility that they can avoid abusing their children as their parents abused them when they were growing up. All of this creates hope for healthy relationships rather than repeating the cycles of violence.

St. Paul wrote to the church in Corinth,

“All this is from God, who through Christ reconciled us to himself and gave us the ministry of reconciliation...” 2 Corinthians 5:18 ESV

Reconciliation and learning new ways of relating to others in a healthy way reflects the power of the love of God and God’s life-changing ability to create hope where there once was a sense of hopelessness.

THANK YOU for caring and helping us provide hope to others. May the peace of God bless you and keep you in God’s care.

Sincerely,

Lucy Wayton, LPCC, LICDC
Vice-President
